

## **Georgine Lamvu**

Dr. Lamvu received her undergraduate and medical degrees (MD) from Duke University, and she completed her residency in Obstetrics and Gynecology at the University of North Carolina (UNC) at Chapel Hill. Additionally, she received her Master of Public Health (MPH) in Epidemiology and completed a fellowship in Advanced Laparoscopy and Pelvic Pain at UNC in 2003. Currently she is **a Gynecologic Surgeon, and a Pelvic Pain Specialist who maintains an active educational role as Professor in Obstetrics and Gynecology at the University of Central Florida and Director of the Fellowship in Advanced Minimally Invasive Surgery at the Orlando VA Medical Center.** Her more than 100 research publications and educational projects encompass a variety of study designs including randomized clinical trials focusing on vulvodynia, chronic pelvic pain, post-operative pain, and other surgical outcomes in women living with chronic pain. Her work is published in a variety of journals including JAMA, Obstetrics and Gynecology, and the American Journal of Obstetrics and Gynecology. Several of her published works have been selected by the American Board of Obstetricians and Gynecology as mandatory CME education for all US OB/Gyns. She is the founder of [MEDWorld](#) and the developer of [pelvicpaineducation.com](#) and [vulvodyniaeducation.com](#). She is the recipient of the 2021 Outstanding Faculty Award by the University of Central Florida School of Medicine and in 2024 she received the VA Office of Academic Affairs Fellowship Site Director Award. Dr. Lamvu is currently Chair of the Board for the [International Pelvic Pain Society](#) and Director of the VA [Certificate Program in Clinical Research](#). Her research is currently funded by the VA and the Department of Defense. A full bibliography of Dr. Lamvu's publications is available [here](#).
